

COVID-19 HEALTH AND SAFETY PLANNING

WITH RESPECT REGARDING COVID-19

The well-being and safety of our guests and employees remain our highest priority. We believe in the power of continuing meetings during this situation and we follow the event development of Corona / Covid-19 to act regarding and following the regulations that our local authorities have decided. We are doing our utmost to deliver a safe meeting space for our guests. At Nääs Fabriker we know that safety is a personal feeling that is not able to generalize. We offer flexible solutions for the organization and contributors. For example:

HYBRID-MEETINGS We request all who are planning to visit us and are feeling the symptoms to stay home. With hybrid meetings, it is possible for those who need to stay home by the reason of symptoms, or in risk group or any other reason cannot be a part of the meeting physically, can be included in the conference at home. We offer a good connection to WiFi and loan of equipment for picture and sound.

SEPARATE MEETING ROOMS We offer the possibility to arrange meetings and conferences in our beautiful boathouses separated from, but close to, the conference building.

GREEN EVENTS Here you have the possibility to use the nature for meetings, workout in the outdoor gym, after work. We are always open-minded about your suggestions and few alternatives are impossible.

CUSTOMIZED ACTIVITIES Our geographic placement creates natural privacy from big crowds and here you are able to work in safe and calm circumstances. Except for walks, in the amazing environment in this area, we also offer activities such as shuffleboard, boule, Bathhouse, and gym. Our staff is handling the regulations to avoid crowding in the Bathhouse for example. To minimize the risk of spreading the infection it is a common responsibility.

We have implemented measures to minimize the risk for health to increase safety at visits on our facilities, one of them is:

FOR THE COFFEE AND CAKE the milk to the coffee will be served in small packages for conference guests.

FOR BREAKFAST we offer a large selection of portion packs for example butter, cottage cheese, caviar, marmalade, Nutella, honey, and pre-cut cheese.

OUR POPULAR LUNCH BUFFET is replaced with A 2-course meal served lunchtime at table. The staff will place the guests in the restaurant to keep the distance between the tables.

WE PERFORM EXTRA WIPING of handles, tables, and other contact surfaces. As always, we are providing careful cleaning for a safe environment.

ALL SERVING CUTLERY are being replaced more often and surfaces are wiped off more frequently.

ALL STAFF that suspects they have been exposed for the Coronavirus or are feeling any symptoms, stays at home from work.

We also ensure that the conditions for everyone to take their own responsibility and follow the general advice to reduce the spread of infection are at our premises, for example:

EXTRA-HYGIENE STATIONS with hand sanitizers displayed in public places, toilets, and in conference rooms.

LARGER CONFERENCE ROOMS in order for the number of guests to be able to keep their distance according to the Swedish Public Health Agency's recommendations.

SIGNAGE to remind about to keep the distance.

More information about how we handle hygiene and health in connection with COVID-19 is available if you visit our website. The website also contains updated information about how we work to avoid crowding in Bathhouse and the restaurant. For further thoughts or questions about alternative accommodation, do not hesitate to contact us!
